## Mtg 3: First Draft of Defining some Strategic Objectives

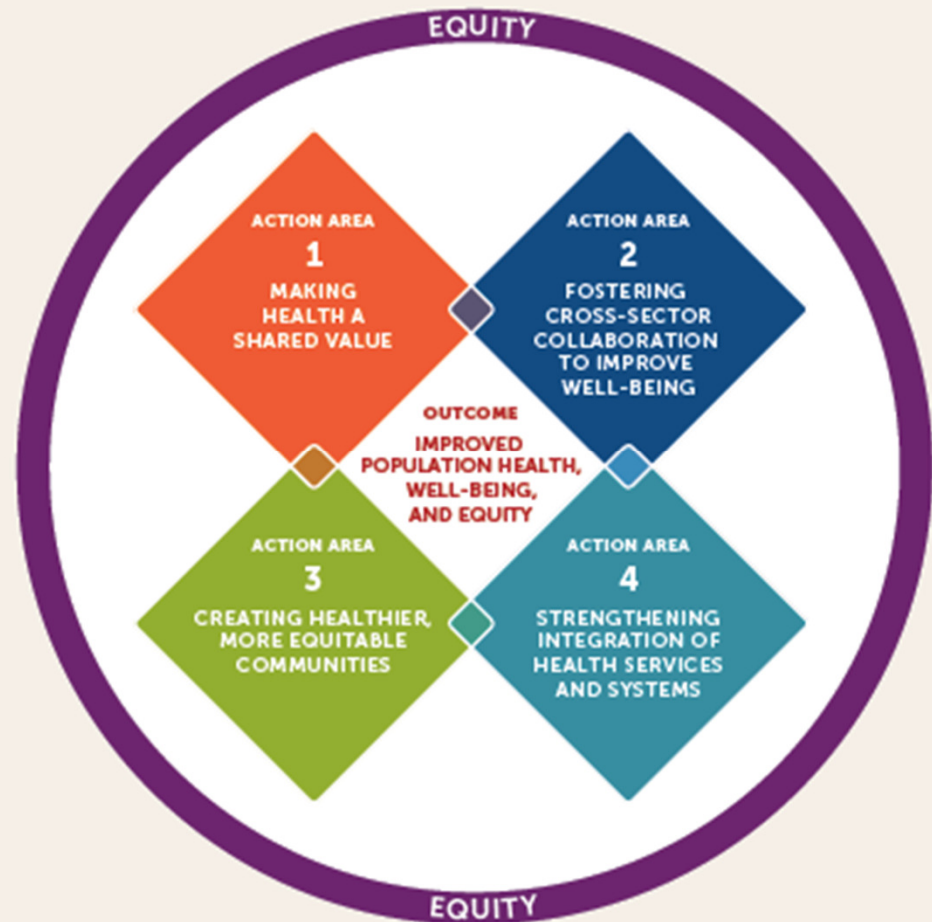

CULTURE OF WELLNESS AMONG YOUTH & FAMILIES	MAKE THE HEALTHY CHOICE THE EASY CHOICE	SOCIAL COHESION	CLINICAL HEALTH
Children in Lakewood grow up in a culture that promotes their best health.	Every person who lives, works, and plays in Lakewood has access to a robust culture of wellness.	Lakewood embraces and celebrates the economic, racial, religious and ethnic diversity of its' community.	There is a supportive role and coordination of existing efforts to improve clinical health outcomes.

**Together, these speak to creating a culture of health on an interpersonal, organizational, and structural level.**
